GARBAGE TO GARDEN

IMPORTANT INFORMATION FOR CONCESSION STAND VENDORS

In an effort to minimize the waste generated at Portland's East End Fourth of July celebration this summer, the City of Portland is teaming up with [Garbage to Garden](#), a Portland based curbside composting company, to provide waste station receptacles and staff to facilitate the sorting of compost, recycling and trash.

To support the city's zero-waste goals, we highly encourage you to provide compostable packaging for serving your food. As we like to say, "If it grows, it goes."

Compostable serviceware includes:

- Wax paper and paper lined cups
- Cardboard and paper products (not plastic lined)
- Chopsticks or wooden utensils
- PLA or [BPI](#) certified plant based products (corn cups, etc)

Onsite:

- Vendors will be provided with a bucket for all organic materials (to be returned at the end of the night for compost).
- Garbage to Garden representatives and volunteers will be sorting and hauling waste and can be utilized as a resource to identify what is or is not compostable.
- **Please do not throw trash bags of mixed (compostable, recyclable, trash) waste into the trash receptacles of the waste stations.**

For more information please contact emily@garbagetogarden.org or visit GarbagetoGarden.org.
